LISTEN FOR THE VOICE OF GOD

We are entering some dangerous, interesting, warm and edifying ground with this train of thought. Can one truly hear the Lord's voice in our daily life, quite time, while driving and Not Texting in Our Cars? I believe that we are in the generation that must hear and follow our Lord's guidance!

It's time to break free from the chains that our world has on us.

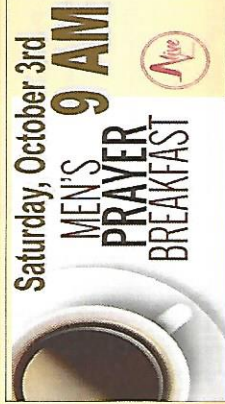

Listening for that still small voice will require some effort on our part. No matter what direction our country takes or our world, we need to keep a calm center and maintain our witness for Jesus. I don't know how the rest of the believers responded to the call to RETURN but, so far, I haven't seen a spirit of repentance flooding our nation. This concerns me and we will most likely receive what we deserve. But for the people of God, there will be a hand upon us to help us navigate whatever is coming—good or bad!

Let's spend some time with our "ears to hear what the Spirit is saying" to the church!

Theirs is incredible JOY that floods the soul when we hear Jesus talking that gives us the encouragement to face life every morning! Our God is an awesome God! Amen and PRAISE HIS HOLY NAME!
 Love you dearly and love Him with all my heart!
